

**What people are saying about
The LeaderShape® Institute...**
(in 2000)

“LeaderShape was the most profound and meaningful experience in my life. I learned that achieving dreams are possible with hope and integrity.”

Shammari Islam
The Ohio State University

“Three students from Westminster College attended LeaderShape this summer. As the Dean of Students, I would like to thank you. Our students came back glowing, enthusiastic, ready to roll, and more focused. The program gave one student a boost for the upcoming year; he had been less than positive as he approached another year. He came back ready to give of himself and ready to enjoy others. The students also wanted me to send their thanks. We appreciate all that was done to include us in this excellent program.”

Carolyn Perkins
Dean of Students
Westminster College

“Never in my life have I had such experiences, been able to be open to so many individuals, and work united with others in such wonderful endeavors. I have learned that the impossible is ludicrous. ‘Impossible’ is just a made up word... Only after coming to LeaderShape did I understand that leadership is nothing more than being all that I have ever wanted to be and all that others want to see in me, ... I know it has changed my life in a way that only time will reveal.”

“LeaderShape graduates help to change the culture on a campus to one of student empowerment. Progress does indeed occur when courageous, skillful leaders seize the opportunity to change things for the better.”

Dr. Maureen Hartford
President, Meredith College and
Member, LeaderShape Board of Trustees

“This was the first time that morals and ethics were included in a leadership discussion. However, when you think about it, those are two of the most important characteristics that a leader should be able to exemplify in their personal life, as well as in their roles as a leader.”

Marcie Dewalt
Florida A&M University

“I learned that I have the potential to be an effective leader but even more I learned that leaders are made not born. I learned that a true leader leads by example and with integrity. This experience in general was a true eye opener because I was exposed to more in one week than I had been in my life. At LeaderShape I learned my value to others and their value to me. It taught me to appreciate where I come from and what I have to offer.”

Tia Counts
Cheyney University

“LeaderShape has changed my life. I learned so much from, and became so unbelievably close with, so many diverse people that I can never go back to being the same as I was before I came.”

Dan Reimold
Ursinus College

“I believe strongly that an individual will rise to the occasion, if she or he is provided the opportunity and the resources to be successful. LeaderShape is an outstanding leadership development program that distinguishes itself through its ability to reveal the leadership potential in everyone. LeaderShape challenges participants physically, emotionally, and intellectually, while simultaneously providing the resources they need to be effective leaders. It is powerful, exciting, and highly effective.”

“For the first time in my life I was able to look inside myself to discover what is really important to me and I made a vision for myself on how to make the world a better place. It was a life changing experience!”
